Eye on Water: Free Water Monitoring Service

Burgaw Public Works would like to remind residents about the free water monitoring service that comes with your water bill, Eye on Water!

Leak alerts can be set up to send via text or email so you will know be the first to know when a potential leak has started. The system flags consistent usage over a 24-hour period as a 'leak', so make sure to check daily for spikes in usage. You can access Eye on Water via a web browser or mobile app.

There are also step-by-step instructions on our website to guide you through signing up, setting leaks alerts and learning how to read the graphs on the home screen.

For assistance with Eye on Water, please contact the Public Works Department at 259-2901.

眼 on Water is easy to use!

- Monitor your water usage
- Set up leak alerts
- See your peak water usage times, down to the hour!

The Town of Burgaw Ordinances do not allow the cutting of trees on your property without a permit. If the tree must come down due to storm damage, there is no fee for the permit. Otherwise, after review by the Town Planner, the cost is $10 per tree. These standards are to promote preservation of Burgaw's tree canopy.

For questions or to obtain a permit, please contact the Planning Department at 910-663-3451.
