SCHOOL BUS STOP REMINDERS FROM THE BURGAW POLICE DEPARTMENT

Please be aware of our children as they board and unload from our public school buses. North Carolina General Statute states “When a school bus is displaying its mechanical stop signal or flashing red lights and the bus is stopped for the purpose of receiving or discharging passengers, the driver of any other vehicle that approaches the school bus from any direction on the same street, highway, or public vehicular area shall bring that other vehicle to a full stop and shall remain stopped. The driver of the other vehicle shall not proceed to move, pass, or attempt to pass the school bus until after the mechanical stop signal has been withdrawn, the flashing red stoplights have been turned off, and the bus has started to move.” The statute continues to say “the driver of a vehicle traveling in the opposite direction from the school bus, upon any road, highway or city street that has been divided into two roadways, so constructed as to separate vehicular traffic between the two roadways by an intervening space (including a center lane for left turns if the roadway consists of at least four more lanes) or by a physical barrier, need not stop upon meeting and passing any school bus that has stopped in the roadway across the dividing space or physical barrier.” (§ 20-217). If anyone has any questions or concerns, please feel free to contact the Burgaw Police Department. See the brochure to the right supplied by the NC DMV School Bus & Traffic Safety Section.
