**Honor the fallen by sponsoring a flag**

The Town of Burgaw and the Property Shop of Burgaw invite you honor the fallen by sponsoring an American Flag this Memorial Day.

Flags are 5x8” and can be sponsored for $1. Flags will be placed around our local parks during Memorial Day weekend. Sponsors will be recognized on message boards in designated park areas. Individuals and businesses are encouraged to participate. All proceeds will be donated to the Tunnels to Towers Foundation.

Visit the following locations to sponsor:

- The Property Shop of Burgaw
- Town Hall
- Pender County Extension Office
- The Old Farm Shed

---

**Internet purchase exchange location available at Burgaw Police Department**

Town staff would like to remind everyone of our internet purchase exchange location! This offers a safe environment with cameras for people to meet after purchasing something off of the internet. We encourage all citizens to utilize the meetup spot in front of the Burgaw Police Department/Town Hall, located at 109 N. Walker Street, when meeting someone you do not know for an item purchased online.

**IMPORTANT MEETING INFORMATION**

The regular Board of Commissioners meeting for June has been changed to Tuesday, June 7, 2022. The meeting will begin as usual at 4:30 PM with the Public Forum/Public Hearings beginning around 5:30 PM. All interested parties are invited to attend. The July meeting will be held as normal, on the second Tuesday of the month, July 12, 2022.
Our Town

Another Downtown Business Improvement District Façade Grant Program project has been completed! Fat Daddy’s Pizza has a new awning printed with their logo at 103 C W. Fremont Street. Everyone has been very pleased with the projects and the success of the program this year and we look forward to more projects that enhance the charm of the downtown district.

Filling a swimming pool soon? Contact us first!

The weather is getting warmer and pools are popping up all over town. Be sure to contact us before you start filling your swimming pool. Each year, we like to remind our residents that an adjustment can be made to the sewer portion of their utility bill when filling a pool—only if accurate meter readings are on file! So, before you turn the water on, call us so we can obtain an accurate reading before and after filling your pool. For questions regarding pool fills, please contact our Customer Service Representative at 663-3445.

Another façade adds a nice touch downtown

National Public Works Week is a time to celebrate the tens of thousands of men and women in North America who provide and maintain the infrastructure and services collectively known as public works. This was originally instituted as a public education campaign by the American Public Works Association (APWA) in 1960. NPWW calls attention to the importance of public works in community life. The Week seeks to enhance the prestige of the often-unsung heroes of our society - the professionals who serve the public good every day with quiet dedication.

The Public Works crew in Burgaw would like to thank the citizens, commissioners, and Town Hall for their continued support with our department. We are out every day keeping Burgaw running behind the scenes. Our department is small with only 14 in total, so it’s one of us for every 100 water connections in the town! From our crew to yours, thank you again and we look forward to seeing you around Burgaw.

FIRE SAFETY
DURING & AFTER
SEVERE WEATHER

- Working smoke alarms are especially important during a loss of power when people may use alternate forms of heating equipment, portable generators and candles.
- Never use candles for emergency lighting. Many things in your home can catch fire if they are too close to a candle's flame.
- Use flashlights for emergency lighting and stock up on batteries.
- Have a qualified repair company or licensed electrician inspect water-damaged appliances and home wiring after a flood.
- Portable generators are useful during storms, but if not used safely, they can cause injury and death.
- Keep portable generators outside, away from windows, and as far away as possible from your home.
- Install and test carbon monoxide alarms at least once a month.
